### Feifei

Hello, and welcome to another The English we Speak. He's Rob...

### Rob

...and she's Feifei. So, Feifei, welcome back. How was your holiday?

### Feifei

Hmm, not bad.

### Rob

Not bad! Two weeks in the sun, lying on the beach! It sounds perfect to me.

### Feifei

Unfortunately not. It rained for two weeks solid. It's the **story of my life!**

### Rob

**Story of my life?** That's a very short story – "it rained". Are you trying to say it rained all your life?

### Feifei

Of course not. I mean it always happens. The idiom '**it's the story of my life**' can be used to explain that a bad thing that has happened to you has happened many times before – it happens often. So, every time I go on holiday, it rains!

### Rob

Bad luck! But you're not the only one who's had bad luck. Listen to these examples...

## Examples

I applied for the promotion at work but didn't get it – again. **It's the story of my life.**

I met this lovely guy and thought he was the one – but he didn't think the same way. **It's the story of my life.** I'm never going to find a boyfriend!

**It's the story of my life** – I buy myself a new coat and then see it in the sales for half price. Typical!

### Feifei

This is The English We Speak from BBC Learning English. I'm explaining that having

rain when I'm on holiday is the **story of my life**, which means it happens all the time. So, Rob, saying '**it's the story of my life**' is a negative thing – it means I'm unlucky.

**Rob**

Well, having rain on holiday isn't so bad – you could stay in bed or sit in the restaurant, eating lots of food.

**Feifei**

If I go to a hot and sunny country, I want sun!

**Rob**

Well, you know the best solution for not having a wet holiday?

**Feifei**

What's that?

**Rob**

Just stay at home. You could write your life story!

**Feifei**

Oh Rob, listening to your advice is also the **story of my life**.

**Rob**

Thanks! Bye.

**Feifei**

Bye.
